

Dear FCC,

I appealed to FCC by e-mail on May 12, 2009. Then on August 10, I sent an e-mail inquiry for progress of the appeal. Both e-mails are still listed in the outbox of my e-mail client.

Hi, FCC,

The **Garvey Elem. School District (BEN 143605)** is appealing a change of charges type on the FDCL,

dated December 18, 2008, issued by USAC-SL re: Form 471 Application Number **632429** and Funding Request Number: **1747570**.

On the Dec. 18, 2008 FDCL, Garvey Elem. School District (BEN 143605, FCC RN 0009026691) was approved \$88,360.23 of its application for the annual pre-discount amount of the IC2-VIDEO Internal Connections project: \$99,281.16, which had been designated, incorrectly by the applicant, as **recurring** charges.

It is an oversight on Garvey Elem. School District and an honest, clerical mistake committed by David Jung, the contact person of the applicant, due to his lack of experience in Internal Connections applications of E-Rate.

Garvey Elem. School District requests that the annual pre-discount amount of \$99,281.16 as well as the committed fund of \$88,360.23 by USAC/SLD be re-designated/corrected as annual **non-recurring** charges.

Your prompt attention and response to this appeal is much appreciated. Should you have any questions and need any further information, please contact me.
